Spirit of Ferocity Shown by Germans in Counter Attacks on Somme

BRITISH BEAT OFF ENEMY

French Use Hand Grenades and Drive Wedge Further Into German Line in Rancourt Region—British Lose 120,000 Officers and Men in September Says New Casualty List

(Associated Press Telegram) London, Sept. 30.—Desperate fighting has been progressing along the northern end of the Somme front where the British have recently made important inroads upon German positions south of the Ancre. London today reports heavy counter-attacks by the Germans near the St. Eloi and the Hessian trench and declares that a division of the new British army acquitted itself most creditably in beating off the Germans.

Further down the line toward the Somme, the French have resumed their attacks, pushing further the wedge into the German lines in the region of Rancourt. The new French advance, according to Paris, was scored by means of hand grenade operations north of Rancourt. The British lost heavily in the fighting on the Somme front during September. This is indicated by the casualty lists, which show the casualties on all fronts during the month to have been nearly 120,000 officers and men or at the rate of more than 3800 a day.

In Macedonia the Bulgarians report a success in the Kaimakalan region near the Serbian border where a trench of the Main Serbian position was captured after a Serbian attack had been repulsed. No important changes in the situation elsewhere in Macedonia or in Dobrudja are announced.

Petrograd reports that there have been no important happenings either on the Russian front or in the Caucasus.

U-BOAT OPERATIONS HAVE DOUBLED IN LAST TWO MONTHS

(Associated Press Telegram) Washington, Sept. 30.—Much more complete information of Germany's submarine activities which supplements Lord Robert Cecil's statement in London last night was received in dispatches from London arriving here today which show that between June 1 and Sept. 24, 277 vessels of all nationalities have been sunk by submarines. Of these 15 were reported sunk without warning with the loss of 84 lives. A total of 66 neutral vessels were destroyed during the period.

NEWARK COUPLE INJURED IN AUTO WRECK IN COLUMBUS.

Heron Toliver, aged 21, and Miss Hazel Compton, aged 19, both of Newark, were painfully injured last night when their auto roadster collided with a touring car containing Mrs. Sterion and Mr. and Mrs. Berier of Buffalo, N. Y., at Fifth street and Livingston avenue, Columbus. Toliver's right arm was broken and both he and Miss Compton were cut about the face and head by flying glass from the windshield. They were removed to their home in Newark in the Ferguson ambulance. The young people reside in East Newark.

Mrs. Sterion and Mrs. Berier were thrown from the machine and slightly bruised, but refused to go to the hospital. Mr. Sterion was cut by flying glass. Sterion and Berier, with their wives, have been on a tour through the west.

GERMANS CRITICISE AMERICANS WHO FIGHT FOR FRANCE.

(Associated Press Telegram) Berlin, Sept. 29, via London, Sept. 30.—Practically all the Berlin newspapers contribute to the bitter criticism which is being made of the Americans who have joined the French army. The news of the death in action of Flight Lieutenant Kiffin Rockwell has precipitated a storm of criticism.

The Post says that the presence of Rockwell and others in enemy camps cannot be regarded as the acts of individuals, but declares that America sends its own citizens to European theatres of war to fight Germany. The paper says that the Rockwell incident shows "to what a depth regard for neutrality has sunk among our enemies and in America."

SUCCEEDS PERSHING WHO WILL BECOME A MAJOR GENERAL

Col. Eben Swift.

Col. Eben Swift, now stationed at the Army Service school, at Fort Leavenworth, Kansas, will be appointed brigadier general, succeeding General John J. Pershing, who will be major general, succeeding the late Major General Albert L. Mills. Col. Swift is in the cavalry division.

TWO ARRESTED IN BLACKMAIL CASE; VICTIM OUT \$15,000

(Associated Press Telegram) Chicago, Sept. 30.—Two men and a woman were arrested by agents of the department of justice in a raid on a private apartment here at four o'clock this morning and held in connection with the operations of the blackmailers syndicate recently brought to light by federal officers.

Pursuing their investigation of the case of a wealthy merchant of Cedar Rapids, Iowa, who is alleged to have been done out of \$15,000 by the syndicate, federal officers today took possession of a packet of letters said to have been written by the merchant to two Chicago girls whom he charges with having lured him to their apartments in Chicago where the blackmail was exacted. Attorneys for the girls contend that the Iowa man wronged the girls and paid them \$15,000 as recompense.

EXPRESS AGENT ADMITS THEFT FROM SHIPMENT

(Associated Press Telegram) Toledo, Sept. 30.—Elbridge P. Andrews, National Express messenger running between Toledo and St. Louis, pleaded guilty today before United States Commissioner Frank G. Crane, of stealing \$100 from an interstate shipment of money consigned from Panama, Ill., to Walter L. Ross, receiver of the Cleveland railroad. Andrews was bound over to the federal grand jury.

BRITISH SUFFER HEAVY LOSSES IN SOMME FIGHTING.

(Associated Press Telegram) London, Sept. 30.—British losses in September were at the rate of more than 3,800 a day. The casualties on all fronts reported in this month were: Officers 5,439; men 114,110.

Heavy as were the British losses in September, they were lighter than those of August, which were 127,445 a daily average of 4,127. In July the first month of the Somme offensive, the losses were about half those of August or September notwithstanding the fact that in July the British stormed the first line German defenses. The casualties in that month were 59,675, so that the total for three months of the Somme drive is 307,169.

French and English press dispatches report that considering the character of the fighting, the losses of the allies on the Somme are low.

THIRD TICKET IN STATE OF DELAWARE

(Associated Press Telegram) Dover, Del., Sept. 30.—Delaware Progressives have joined the movement of Independent Republicans to smash the Republican machine in this state which is seeking to re-elect Henry A. DuPont to the United States Senate.

This means a third ticket in Delaware, aimed to overthrow the regular Republican organization. Progressives at the meeting of their state committee decided to put a full ticket in nomination and have planned to conduct a separate campaign in its behalf. They adopted a separate party platform in which they declared in part: "The Progressive party of the United States was born in 1912 as a protest against political theft and against the reactionary domination of the Republican party by a small band of political freebooters."

(Associated Press Telegram) London, Sept. 30.—Emperor Lidj Joassa of Abyssinia has been deposed at Addis Ababa. Lidj Joassa was born in 1912 as a grandson of Emperor Menelik whom he succeeded in 1913.

Rod Breaks and Pennsy Engines Are Ditched Near Cincinnati

TWO ENGINEMEN KILLED

Eight Others Hurt When Keystone Express is Wrecked at King's Mills This Morning—Two Engines Overturn and Track Torn Up for Distance of 800 Feet

(Associated Press Telegram) Cincinnati, Sept. 30.—When a piston rod on the first engine of Train 1231 on the Pennsylvania line, New York to Cincinnati, broke today, the train left the track and partially overturned. The engineer and fireman on the first engine were killed, while the crew of the second engine were injured. Five passengers were bruised but none seriously hurt. The wrecked train was of steel coaches, drawn by two engines. About 800 feet of track was torn up.

The wreck occurred at King's Mills, O., 20 miles from this city. The dead are: Engineer J. J. Berry and Fireman Samuel Miller, both of Cincinnati. The injured: Mrs. J. B. Hoyer, Chambersburg, O., general bruises; Mrs. C. C. Mengel, Louisville, Ky., scalp wounds and body bruises; G. M. Baker, East Orange, N. J., body bruises; Geo. T. Cooper, Xenia, O., body bruises; Mrs. G. T. Cooper, Xenia, O., body bruises; J. L. Hindman, baggageman, shoulder lacerated and body bruised; C. H. Keck, Cincinnati, engineer of second engine, back wrenched and multiple injuries; P. J. Cox, Cincinnati, fireman of second engine, body lacerated and multiple injuries.

TRUCK COLLIDES WITH INTERURBAN CHAUFFEUR DEAD

(Associated Press Telegram) Cleveland, Sept. 30.—Frank Howard, chauffeur, was killed and three boys were injured here today when a motor truck struck an interurban car. The most seriously injured boy is Louis Blesch, eight. He was first struck by the truck while at play and was being rushed to the hospital with the two boy companions by the truck driver, Howard, when the latter ran into the car.

14 YEAR OLD BOY TELLS POLICE WEIRD KIDNAPPING TALE.

(Associated Press Telegram) Upper Sandusky, O., Sept. 30.—After surgeons had taken fourteen stitches, closing a gaping wound in his head, Jesse Coldiron today told that he was kidnapped last night by two men who went to his room and asked to be directed to a restaurant. Coldiron accompanied them a short distance. The men, he said, clubbed his head until he was unconscious. He revived this morning near a railroad bridge over Tymochtee creek, five miles north of the city. Coldiron says he believes his assailants placed him aboard a moving freight train and threw him off at the bridge. He was not robbed and cannot account for the assault.

RAIN INSURANCE FOR \$30,000 IS ISSUED AT FRISCO.

(Associated Press Telegram) San Francisco, Sept. 30.—A rain insurance policy for \$30,000 has been taken out by the management of the Outdoor Operatic production tonight of "Aida," it was announced today. Lloyd's agency assumed the risk, which is said to be one of the largest rain policies ever issued. The value of the policy covers the cost of producing the opera.

J. P. MORGAN MAY FLOAT BIG LOAN FOR THE BRITISH.

(Associated Press Telegram) New York, Sept. 30.—J. P. Morgan, financial agent of the British government in the United States, has engaged passage on the American line steamship New York, sailing today. It is reported that Mr. Morgan is going to London to arrange for floating another British loan of \$250,000,000 to be backed by American securities.

MINERS GET INCREASE.

(Associated Press Telegram) Butler, Pa., Sept. 30.—Announcement was made today that 2,000 bituminous coal miners in the Butler mercer field had been granted increases for all classes of work averaging ten per cent. The new scale becomes effective tomorrow.

SUGAR SCARCITY.

(Associated Press Telegram) Marion, O., Sept. 30.—Sugar is so scarce here that retailers are warning customers that they may be compelled to limit them each to two or three pounds at a time. Wholesale dealers, they say, are unable to get sugar they ordered weeks ago.

GREEKS ARE SO EAGER TO BATTLE BULGARS THAT THOUSANDS HAVE DESERTED ARMY TO FIGHT WITH BRITISH AND FRENCH

Rebel troops of Greek army about to leave Saloniki to fight Bulgars in Macedonia.

So eager to fight the Bulgarians are the troops of the regular Greek army that during the past few weeks thousands have deserted and joined the allied forces at Saloniki. The Greeks who have thus deserted are being sent to fight the Bulgarians on Greek soil in eastern Macedonia.

FINDS MOTHER DEAD ON RETURN FROM THE FAIR

Returning from the Licking county fair late yesterday afternoon, S. J. Lee, farmer, found his mother, Mrs. Lavina Lee, aged 50 years, dead on the floor at her home, two miles north of Alexandria.

An empty vial, which had contained carbolic acid, lay near the body. It told the story of the tragic ending of a three years' illness. The body was still warm when found by the son, who immediately summoned Drs. L. C. Lakehart, of Alexandria and H. C. Rowland, of Hebron. But when the physicians arrived at the Lee home they pronounced Mrs. Lee dead several hours.

According to Mr. Lee, his mother, who had been in ill health for three years, remained at home yesterday while her son and his family went to the fair. In the afternoon she went to the home of her daughter, Mrs. Lura Sayer, remaining there until about 3 o'clock. The carbolic acid was taken by Mrs. Lee some time between the time she returned home and 7:00 o'clock last evening, when the son returned from the fair.

Mrs. Lee was the widow of George Lee and was born in St. Alban township.

Funeral services have not been announced but they will probably be held Monday afternoon and burial will be made at Alexandria. Her death is mourned by two sons, Dalton Lee, of Bucyrus; S. J. Lee, at home, and one daughter, Mrs. Lura Sayer, of near Alexandria.

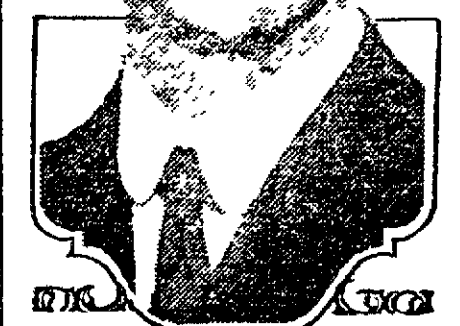

WOUNDED PRISONER WITH BALL AND CHAIN MAKES HIS ESCAPE.

(Associated Press Telegram) Toledo, Sept. 30.—Suffering from wounds which were at first believed to be mortal, and dragging a ball and chain weighing 16 pounds, Wm. Hammond, 19, escaped last night from the Lucas county infirmary. Hammond was shot by Albert Graff Tuesday night at Waterville while, it is alleged, he was attempting to break into Graff's garage. One bullet destroyed the sight of his right eye and four others inflicted wounds in his right arm and breast.

Hammond escaped from the infirmary through a bath room window. Police say that friends probably rushed him away in an automobile.

EX-CONVICT HELPS EX-CONVICTS GET GOOD HONEST JOBS

(Associated Press Telegram) Athens, Sept. 27, via London, Sept. 30.—The representatives at Athens of the entente powers are expected to reply tomorrow to the Greek government's note of Sept. 18, delivered at the entente capitals declaring categorically Greece's acceptance of departure from neutrality in principle. While it is understood the proposal of Greece to join the entente allies will be accepted, certain guarantees of sincerity probably will be demanded.

A nation-wide employment bureau for ex-convicts has been opened in Huntington, West Virginia, by Earl E. Dudding, him-cliff an ex-convict. Although the bureau is practically a new venture, Dudding has succeeded in placing scores of ex-convicts in responsible positions.

EX-GOV. COX IN MUSKINGUM CO. NEXT WEDNESDAY

(Associated Press Telegram) Columbus, Sept. 30.—Democratic state headquarters today announced next week's itineraries of Former Gov. Cox and U. S. Senator Pomerene. Gov. Cox will speak at Findlay Monday night. He will visit Pickaway county Tuesday and Muskingum county Wednesday.

On Thursday at 1 p. m. he is to deliver an address at St. Clairsville, where the completion of the old national pike is to be celebrated on that day. Thursday night he will speak at a home coming at Massillon. Friday's activities include a speech at 1 p. m. at the Carrollton fair, at a miners meeting at Amsterdam at 3 p. m. and at Steubenville in the evening. Saturday afternoon he will speak at Bellare and Bethesda and will close the week with an address at Barnesville, Saturday night.

Senator Pomerene will tour Medina county Monday. On Tuesday he is to address the women's civ club at Cleveland at noon and will speak at Painesville Tuesday evening. Wednesday is to be devoted to a tour of Portage county, with an address at Steubenville Wednesday evening. He is to tour Pike county on Thursday; Highland county on Friday and Clermont county on Saturday.

MILK, COAL AND CIGARS ADVANCE IN CLEVELAND

(Associated Press Telegram) Cleveland, Sept. 30.—Several large dairy companies have notified their customers that commencing tomorrow milk advances in price from eight to nine cents a quart. Cream will sell at 44 cents a quart instead of 40. The increased cost of live-stock and feed and labor connected with the production of milk is given as reasons for the advance.

Cigar dealers announced today that commencing Monday five cent cigars will no longer sell six for a quart. Ten centers will not be profitable at the old three for a quarter rate and three for a nickel. Dealers say that manufacturers have advanced the price of cigars from \$3 to \$5 per thousand, due to granting the demands of cigar makers for increased wages.

Coal was selling today from 50 to 100 per cent higher than a month ago and dealers say the city is facing a serious coal shortage and increased prices. It is said that the supply, compared with the demand, has reached the lowest ebb since the anthracite coal strike of 1902.

ALLIES TO ACCEPT OFFER OF GREEKS TO ENTER THE WAR

(Associated Press Telegram) Athens, Sept. 27, via London, Sept. 30.—The representatives at Athens of the entente powers are expected to reply tomorrow to the Greek government's note of Sept. 18, delivered at the entente capitals declaring categorically Greece's acceptance of departure from neutrality in principle. While it is understood the proposal of Greece to join the entente allies will be accepted, certain guarantees of sincerity probably will be demanded.

PETITION THROWN OUT: 600 NAMES WERE FRAUDULENT.

(Associated Press Telegram) Lima, Sept. 30.—With the unanimous vote of 22 election officials against him, the petition of Charles E. Wharton, Kenton, candidate for judge of the court of appeals was thrown out and his name ordered removed from the ballot. Evidence was presented tending to show that six hundred of the seventeen hundred names on Wharton's petition were fraudulent. The charges were filed by Judge Phil Crow, Democratic candidate for election.

(Associated Press Telegram) Columbus, Sept. 30.—The Indianapolis baseball team of the American Association today went inside the walls of the Ohio penitentiary here, and by the score of 8 to 2 defeated a picked team composed of convicts in an exciting nine-inning game.

EXCITING CHASE LANDS SUSPECT IN AUTO THEFT

Chief of Police James Sheridan after an exciting chase yesterday afternoon, recovered the stolen Ford machine, belonging to Styron & Beggs, at Hebron, and arrested a man giving the name of Forrest Kitchen, 267 East Spring street, Columbus.

The chief learned that a young man had been working on a farm near Hebron for the past two days and that when he applied for the job he drove a Ford machine. The man has been riding around through the country near Hebron and yesterday Chief Sheridan learned that the auto was the one stolen from Styron & Beggs.

A trip to Hebron failed to disclose the man's whereabouts as he was then out for a spin. A short time after returning to Newark, Chief Sheridan received a telephone call that his man had returned to the farm. Accompanied by Lester Beggs, the chief made a hurried trip by auto to Hebron and placed Kitchen under arrest.

Kitchen was arraigned before Mayor Bigbee this morning and held to the grand jury in the sum of \$500.

BENEFIT FUND FOR STRIKERS IS DISTRIBUTED

(Associated Press Telegram) New York, Sept. 30.—Officials of the Amalgamated Association of Street and Electric Railway employees began today the distribution of a \$55,000 strike benefit fund among the street car men who have been on strike here since Sept. 12. According to the figures given out by the labor leaders, each man was to receive \$5. The fund came from the headquarters of the association in Detroit and the organizers said a similar amount will be distributed each week. Efforts to organize a general strike in support of the car men suffered a check today when the 900 brewery workers who quit in response to the general call returned to work. Nevertheless the labor chiefs asserted that 100,000 workers aside from the United Hebrew Trades, are on strike.

Traction officials said the street car men who quit are returning to their posts at the rate of about 15 a day and that the places of the strikers are slowly being filled by new men. For the first time since the strike began surface cars were operated on lower Broadway last night.

WILLIS IS ENEMY OF COMPENSATION ACT, SAYS DUFFY.

(Associated Press Telegram) Cambridge, Sept. 30.—Charging that "Governor Willis has done much to embarrass the administration of the workmen's compensation law," T. J. Duffy of the Ohio industrial commission addressed a large gathering here this afternoon, including many miners of Guernsey county. Commissioner Duffy, former Governor Cox and William Green, secretary of the international Mine Workers of America and author of the workmen's compensation law, were the speakers on the program, which includes both afternoon and evening sessions. A big ox roast and barbecue was the occasion for the meeting and the speakers were invited to attend.

SUGAR STOCK DEPLETED.

(Associated Press Telegram) Nashville, Tenn., Sept. 30.—With the stock of sugar completely depleted in Nashville, wholesale and retail merchants are confronted with a serious problem. There is not a pound of sugar on the market and none in transit. The shortage of cars at New Orleans is said to be responsible. The supply in the city of Nashville retail merchants is said to be sufficient for only a few days.

MILITIA TO RETURN.

(Associated Press Telegram) Washington, Sept. 30.—Names of two more National Guard regiments to be returned home from the Mexican border were given the war department today in dispatches from General Funston. They are the First regiment of New York field artillery and the Tenth Pennsylvania regiment of infantry.

GOVERNOR

Is Catapulted Through Windshield When Truck Hits Taxicab

MRS. WILLIS IN HOSPITAL

Ohio's Chief Executive Suffers Badly Lacerated Hand and His Daughter Suffers Slight Bruises—Family Had Spent the Night at Home of His Parents in Delaware

(Associated Press Telegram) Delaware, Sept. 30.—Governor Frank B. Willis, his wife, and daughter Miss Helen, received more or less severe injuries this morning about 7:30, when a heavy truck ran into the taxicab in which they were being conveyed from the home of the governor's parents, Mr. and Mrs. J. B. Willis, to the Hocking Valley station, where they were to take a train for Columbus.

Mrs. Willis was the most severely injured and is now in the Jane Case hospital at Delaware. Her condition is not serious. She was thrown from the machine to the pavement and suffered a contusion of the forehead and bruises about the head and body. The governor was thrown through the windshield and escaped with a laceration of the right hand. His daughter was also thrown out of the machine, but was only slightly bruised.

The governor and his family went to Delaware last evening to spend the night at his parents' home. He will remain in Delaware Saturday, and possibly Sunday, when his wife may be able to leave the hospital.

Later it was learned that the governor's wife was more seriously injured than at first supposed. It was stated she may be confined to the hospital here for several days. Mrs. Willis, it was learned, suffered a five inch gash over the right eye and another cut just below the brow of the right eye. Her right arm may be broken. She was considerably bruised and is suffering from a nervous shock.

Governor Willis received only a laceration of the right hand and his daughter escaped without a scratch. The governor had planned on returning to Columbus today but will remain here until it is definitely decided just how seriously his wife is injured.

\$50 RETURNED TO
OWNER FRIDAY.

W. M. Hill, a well known resident of Pleasant Valley, east of this city, today more than ever believes in the honesty of men. Mr. Hill was in attendance at the Licking county fair Thursday and lost his pocketbook containing \$93 and several notes. His name and address were in the book, which was found by Berlin H. Smith, painter, 79 Fleek avenue. He notified Mr. Hill and

that gentleman called and proved his property which was immediately turned over to him. He rewarded Mr. Smith with a \$10 bill, that gentleman refusing to accept it until threatened bodily injury (?) by the lucky owner. Mr. Hill felt very grateful over recovering his money as he had given it up as lost for good.

SUGAR SUPPLY SHORT; LOCAL JOBBERS OUT

Newark and many surrounding cities in the state today are facing a serious sugar shortage, due, according to John S. Fleek, of Fleek & Son, wholesale grocers, to a temporary corner held on raw sugar by the American Sugar Refining Company.

The Columbus district, which includes Newark, Mansfield, Marion and Zanesville, is about cleaned out of sugar and the jobbers are exchanging at a loss.

"Last August the market on raw sugar fell and the American Refining Company bought in all the raw sugar available," Mr. Fleek said today. "The Arbuckles Refining Company and several other refiners did not expect a heavy demand and consequently did not buy."

In September the New York market basis was \$6.75 per hundred, refined, with the raw sugar basis at \$6.02 per hundred. The Arbuckles and other refiners were unable to buy raw sugar at \$6.02 and put it on the market at the basis of \$6.75, because of the cost of refining, which is 35 cents flat. This would mean a loss of 12 cents to put the sugar on the market on the New York basis.

Mr. Fleek said that the Arbuckle concern last Wednesday re-entered the market and is selling sugar at cost to maintain its trade. The Columbus section's sugar basis is 50 cents higher than New York's and sugar is selling at from \$7.50 to \$7.60 per hundred. No standard price has been fixed as the demand varies in different cities.

NEWARK, OHIO

AMUSEMENTS

The Grand.
Grace Darmond, "the Leontine" in "The Shining Shadow," made her debut in the title role of "Editha's Burglar." Later she joined what is acknowledged the only successful dramatic school—the stock company. Both the constant spur this training gave to her originality, and her ability to survive this well known endurance test, she considers has proven an invaluable asset throughout her career.

Few actresses screen as well as Miss Darmond and with her beautiful costumes she seems at times like a delicate bit of Dresden China come to life—and she has to step pretty lively to keep up with the thrills in "The Shining Shadow."

Alhambra.
Miss Christine Mayo, who won the New York Telegraph's beauty contest as the most beautiful woman in New York, is starred in the Standard preferred photo-play production entitled "A Fool's Paradise" which will be presented at the Alhambra theatre, Sunday.

Miss Mayo portrays the character of "Maxine," a fortune hunting sorceress, whose sole purpose in life seems to be the destruction of men.

The ideal American beauty, in the most becoming of all her gowns, the wedding dress, triumphs in the elaborate, complex society photodrama coming to the Alhambra theatre.

Queenly, the personification of loveliness, Edna Goodrich with her perfect beauty and regal carriage makes a wonderfully attractive bride to be in the Morosco photoplay "The House of Lies" that deals with the determination of a beautiful American woman to be won for her other qualities besides her beauty and appearance.

Rebelling against a Mercenary family she sacrifices her beauty that the supreme test might succeed.

Auditorium.
"Mrs. Dane's Defense" proved a sterling vehicle for the Marguerite Fields Stock Company at the Auditorium last evening and drew a capacity house. Star and supporting company scored in the different responsible roles. This evening Henry E. Dixey's screamingly funny comedy "The Man On the Box," written for laughing purposes only, will be the excellent play utilized for these popular players, while the play is necessarily a Man's play and offers Mr. Campbell unstinted opportunity in the featured role of Bob Warburton. Miss Fields is splendidly cast and gives a pleasing delineation of Betty Annsley the girl who fell in love with her coachman (The man on the Box) Sydney Mack as the stern police judge is too well known and liked in these characters to need any comment. Mr. Laveau who has also made many friends by his clever work throughout the week finds himself splendidly cast as Col. Annsley. Miss Blake, Miss Laveau, Miss Kent and the Messrs. March, Fox, Clafin and Herron complete the clever cast. A handsome scenic investiture will be utilized in mounting the play in the same up to date manner that has marked all of the presentations made this week by this exceptionally clever company.

Several of the little touches of realism for which Thomas H. Ince has been noted, appear in "The Apostle of Vengeance," the Ince-Triangle drama by Monte M. Katterjohn in which William S. Hart is starred. From the opening iris to the final "dissolve-out," this narrative of the Kentucky mountain feudists is replete with evidence that Producer Ince went to extremes to obtain "atmosphere."

This wonderful feature together with Roscoe Arbuckle, the Mack Sennett Keystone comedian, will be the Sunday program at the Auditorium. Arbuckle will be seen in "The Waiters Ball" one of the best comedies sent out by this company.

Alice Coon Brown, the well known theatrical critic of the Ohio State Journal of Columbus has the following criticism in the Journal relative to "The French Frolics," which will be seen at the Auditorium theatre in this city Monday matinee and evening:

"A good-looking collection of chorists, a lighted runway, clever costumes, a Tanguayesque comedienne Jack O'Malley and Harry Fields—are the chief elements which are bringing large audiences to the Luceum Theatre this week."

"The French Frolics" is the name bestowed upon a highly-colored, swiftly-moving musical production which has many entertaining phases. The chorus girls, who appear in an unusual number of pretty and dainty rigs, are undoubtedly attractive, and the lighted glass runway does not conceal this fact. They appear in about 18 musical numbers, all of the quick-timed variety. One very

effective number is "The Magazine Girls," in which the chorus girls, led by pretty Miss Florence Tanner, appear in herold costumes of different colors, emblazoned with magazine covers. "The Kangaroo Hop," sung by Miss Daley of the Tanguay manner is another popular number.

"Robin Hood," which will be produced at the Auditorium Thursday, Oct. 5th, is acknowledged to be the greatest masterpiece of comic opera ever written by Americans. The charm of Reginald de Koven's music is as fresh today as when it was first enjoyed twenty five years ago; and the dialogue of Harry B. Smith is as sparkling now as it was then. Like a fine old wine, "Robin Hood" seems to improve with age. It has stood the acid test of time because it is a real work of art, and the genius which inspired it should gratefully be remembered by every American.

Nothing could be more fascinating than the story upon which the opera was founded. The old English tale of Robin Hood and his band of out-

written. The opera will be sung by a splendid company, under the direction and management of Frederick Walker and James Stevens. The soprano of the company is Ivy Scott, who has sung with the Metropolitan Opera company in New York City, and was heard at the Hartman several seasons ago in the title role of "The Girl of the Golden West." Miss Scott appeared several years ago also in Columbus with the Aborn Opera company, and won enthusiastic praise as "Madame Butterfly," and in other roles requiring brilliant soprano voice and unusual technique. The contralto with the Walker and Stevens organization is Cora Tracy, who is said to surpass in voice and dramatic equipment Jessie Bartlett Davis, the contralto with the original "Robin Hood" company. Other principals, who will be heard in both "Robin Hood" and "The Serenade" at the Hartman, are Mr. Walker and Mr. Stevens, Herbert Waterous, Ralph Brainard, Phil Branson, David Andrade, Edward Andrews and Thelma Salinger. With the company will come an augmented orchestra also.

Everyone knows the beauty of "Robin Hood." No opera written in years has enjoyed, or deserved, such wide popularity, as this romantic

James Stevens, Caritone, in "Robin Hood", Auditorium, Thursday, Oct. 5.

laws is a famous one, and their merry pranks in Sherwood Forest have supplied Sir Walter Scott and other writers which live as long as our language. Around this celebrated theme was built the delightful opera by de Koven and Smith, and in its musical form they have given us a new pleasure that adds zest to the story of the greatest of English popular heroes.

An opera of such merit as "Robin Hood" demands a singing cast of the highest order, and the coming production fully meets this requirement, as the principals are all of grand opera calibre. In the cast is dainty Ivy Scott, who made her debut at the grand opera in Australia. Seats on sale Tuesday at 10 a. m.

Robin Hood at Hartman.

One of the most delightful attractions of the early theatrical season at the Hartman theatre, Columbus, will be the presentation on Friday and Saturday nights and Saturday matinee, Oct. 6 and 7, of "Robin Hood" and "The Serenade," two of the most popular light operas ever

written. The opera will be sung by a splendid company, under the direction and management of Frederick Walker and James Stevens. The soprano of the company is Ivy Scott, who has sung with the Metropolitan Opera company in New York City, and was heard at the Hartman several seasons ago in the title role of "The Girl of the Golden West." Miss Scott appeared several years ago also in Columbus with the Aborn Opera company, and won enthusiastic praise as "Madame Butterfly," and in other roles requiring brilliant soprano voice and unusual technique. The contralto with the Walker and Stevens organization is Cora Tracy, who is said to surpass in voice and dramatic equipment Jessie Bartlett Davis, the contralto with the original "Robin Hood" company. Lodges

L. O. O. F.
Newark Lodge, No. 623.
Newark lodge met last Monday evening with a good attendance. After the business of the evening had been taken care of the entertainment committee was ready with a lunch. Next Monday the first degree will be conferred. Monday, October 9 will be the regular meeting of the Licking County Odd Fellows' Association. All third degree members of the county are made members of this organization.

M. O. E. Encampment No. 12.
The next meeting of the Encampment is a very important one. The grand officers will be here Oct. 19. They will confer the Grand Encampment degree on all Past Chief Patriarchs. Plans for the meeting will be made Oct. 5. Subordinate members are invited to our meeting, Oct. 19.

K. O. F.
Newark Lodge, No. 13.
At the regular weekly meeting of Newark lodge, No. 13, held on Thursday evening the attendance was light. The regular routine of business was light and consumed very little time. One of the interesting features was a communication from the Grand Chancellor outlining the mode of procedure for the membership campaign this winter. Three new applications were received and referred to proper committees. After lodge was over several of the members joined in a social session in the club rooms. Next Thursday evening the Esquire Rank will be conferred on a Class of Pages.

Y. W. C. A. Notes

Call to arms—Time, October 10, 8 p. m. Place, Y. M. C. A. gymnasium.

The annual fall rally of the Young Women's Christian Association will be held Tuesday evening, October 10th at 8:30 o'clock at which time the board of directors will take pleasure in presenting the members of the secretarial staff, Miss Martha C. Ellis, Isabel Elliott, Bessie R. Looker and Mrs. Marjette Pierce, under whose direction the winter's campaign will be carried forward to victory.

The rally will be in the nature of a military evening, with martial music and rousing presentations of the winter's work. All association members are expected to "report for duty" and bring a "bunch of recruits."

If the membership has lapsed in the Y. W. C. A. renew it now, or hand it in the evening of October 10 at the recruiting station, to be in charge of Miss Florence Lemert. The Y. W. C. A. needs you, your enthusiasm, your staunch loyalty, young women, and without you cannot go forward to victory.

On Saturday evening, September 30th, Mrs. J. B. Jones and Mrs. Fred Evans will have a reunion of their Bible classes of last year at the association rooms, where plans for the coming year's work will be discussed, and a social hour will follow.

October 17th to 20th Dayton will entertain the State Federation of Clubs. The Y. W. C. A. of Dayton, through its general secretary, Miss Trimble, extends to all guests the courtesies of their building. All club delegates, who are members of the association are invited to make the Dayton building their headquarters, to arrange to meet their friends there, and use the building in any way. A cordial welcome awaits you.

Mrs. R. A. Elliott, of Cambridge, Ohio, was the guest of her daughter at the association on Wednesday.

Many persons have been thoughtful of the Y. W. C. A. the past week and shown it in a very substantial way. The Methodist ladies of Alexandria made six sheets and pillow cases and sent them to the Newark Y. W. C. A. There have also been several gifts of fruit, which Mother Pierce has put to good service in canning and preserving for the winter's use. To these good people the Y. W. C. A. wishes to extend a hearty thanks, and the assurance that the donations have been appreciated.

Y. M. C. A. Notes

The membership campaign is making headway. A large number of the members have already reported new members signed up, and many are waiting until the 5th and 6th of October to sign up. Next Saturday's notes will contain a list of the new members to that date.

Gym classes will start October 9, with a full schedule. The gym and other parts of the physical department have been put in first class condition and every thing possible has been done to make the winter's

work pleasant and profitable. The boys should get their suits cleaned and in order for the classes. The men's classes which have been running all summer will make an effort to get all the old members back. A hand ball class meeting at four o'clock on Wednesdays and Fridays is a new feature. The professional mens class will meet three times each week instead of twice as formerly. Meeting on Monday, Wednesday and Friday.

The educational classes will open October 16. Classes will be conducted in English for foreigners, mechanical drawing, providing there is sufficient demand for these classes. A special series of talks on salesmanship and personal efficiency will be conducted jointly with the Y. W. C. A. These talks begin October 12 with the first talk by Frank L. Beggs, President of the Chamber of Commerce. These talks are free to all and will be held in Taylor hall which will accommodate 300 people. Jasper Hurt of Cincinnati, Ohio, will room in the building this winter and attend Doan Academy at Granville. He will depend upon such work as he can get to assist in making his way. The Association is glad to be of service to young men who are trying to make their way through college.

Arthur T. Kent, of Ontario, O., made the Association a visit on Tuesday and stayed over night. He made a thorough investigation of the work here and has decided to enter association work as a life work. Mr. Kent is a graduate of Mt. Gilead high school and has spent two years in western colleges. His played football and basket ball in high school and in college and is well acquainted with general athletics. His father is pastor of the community church at Ontario. He will begin work here October 2 as assistant secretary. He will be welcomed by the board of directors and the secretary as the work at the Association building has grown so heavy that the present force is unable to handle it.

Charles D. Lake.

One of the Democratic candidates
for County Commissioner is Charles
D. Lake, who is eminently qualified
to fill this important office, by his
long residence in the county and a
study of what is needed.

Mr. Lake was born on a farm in
Hopewell township, and lived there
until he was 25 years of age, when
he became a citizen of Franklin
township where he lived until 1901
when he removed to Newark city.

Mr. Lake was successful as a
farmer, and has been equally so in
the livery business in which he has
been engaged. His ideas are that
care should be used in the expendi-
tures of county money, and yet he
believes in a policy of progress.

Especially does he favor the good
roads propaganda, and by his ex-
perience he well knows where new
roads should be built, or those al-
ready in use should be repaired.

Mr. Lake is extremely affable,
and yet impresses one that this
suavity is not used for political ef-
fect, but is inborn and entirely nat-
ural in its exercise.

Mr. Lake is making a clean, for-
cible canvass of the county and his
election seems to be assured.

Speculation in Land.

There are a great many young
men who would like to go into farm-
ing on their own account. But they
are deterred by the high cost of
land. Real estate offered low usu-
ally has some defect. Commonly it
lacks access by good roads. Or it
may need much hard work and ex-
pense to prepare the soil.

A recent government report
speaks of the large amount of po-
tentially good land lying idle in
many states. It says that much of
it is being held speculatively for
higher values. It is certainly un-
fortunate that with food scarce and
high, would-be land owners can not
get well located farms with good
soil at moderate prices.

The old phrase about being "land
poor" applies to many people. A
persuasive agent introduces them to
buy at a good price a tract which he
promises will advance in value. It
is often in some distant city or state
which the buyer never visited. He
pays taxes year after year, often
other charges. A decade later he
finds the land is worth no more
than he paid for it. He is out his
expenses and the interest the money
would have drawn in a bank. Mean-
while by placing a fancied value on
it, he has discouraged people who
would have paid a fair price and
made it productive as a farm or
for dwellings. High prices for land
tend to make rentals high, to dis-
courage housebuilding and farm
investment.

Conservative business men de-
plore land speculation. It does en-
rich a small class of shrewd men
who see possibilities early. But
find their money lies idle. Any
land owner has a perfect right to

intercourse if that sort of warfare
continued, and Berlin replied that it
would not do it again. And it
basin. At least in the North At-
lantic, where Americans are travel-
ing, there has been no destruction
of passenger steamers. The
United States won a great diplomatic
victory, and the Republicans know
it, and therefore avoid the subject.
The other reason is that the Re-
publican candidate is trying to catch
the votes of men who justified the
sinking of the Lusitania, who de-
nounced the President for threaten-
ing to suspend diplomatic relations with
Germany, and who have called Mr.
Wilson "our German-hating Presi-
dent" because he prosecuted the
conspirators who sought to destroy
American factories, steamers carry-
ing American exports, and transpor-
tation in a country with which we
are at peace.

The Republicans are running the
pussycat Mr. Hughes with Theo-
dore Roosevelt, denouncing the Ger-
man-American Alliance, on one side
of him, and Dr. Hexamer, represent-
ing the German-American Alliance,
on the other side. This abhorrent
combination of absolute alien ele-
ments, to run with the hare and
hunt with the hounds, to punish the
President for weakness toward Ger-
many, and for refusing to be sub-
servient to German interests, ex-
plains why the Republicans have
changed their point of attack.

Tardy Greece.

(Cleveland Leader.)

One of the pathetic figures in the
world war is little Greece. But it
has released itself from the anomalous
position it has been in since the
conflict started, or is about to do so.
Greece owes its very existence as
an independent nation to the three
great entente allies, Britain, France
and Russia. Russia fought a war in
1828-9, one of the objects of which
was to free Greece from the grip of
Turkey, and England and France
assisted. The result was a treaty
whereby Greece was placed definite-
ly under their protection and a con-
stitutional government given its
people. Later, in 1862, they res-
cued it from the dangers of internal
rebellion.

On the other hand, Turkey and
Bulgaria have always been menac-
ing and ferocious enemies of
Greece—sources of constant dread
on the part of its people. And Ger-
many and Austria have in the past
consistently opposed the influence
of England, France and Russia in
its favor. Add to this the fact that
Greece was solemnly bound by
treaty to assist Serbia in case it
should be attacked by Bulgaria, and
it will be seen how difficult was the
task of King Constantine and his
German queen to keep the Greek
nation out of the war.

But unfortunately the decision of
Greece has come too late to be of
any great advantage to it. If the
allies win it cannot expect much
more than tolerant consideration. If
the central powers win it will un-
doubtedly become a subservient part
of the anticipated Teutonic "zone
of influence," or empire, to extend
from the Baltic sea to the Persian
gulf.

Poland Not Yet Free.

(Philadelphia Bulletin.)

Gen. Brusiloff ominously deliber-
ate "pushed" Polandward have in-
terfered disastrously with the
claimed purposes of the Hohenzol-
lern and Hapsburg war lords in the
recreation of the Polish nation. The
Chancellor of the Vatterland last
year, when the Czar's forces had
been driven so far back that it
seemed safe to count on their exclu-
sion from further participation in
the war, informed the world that
Poland was to be reconstructed as
a sovereign nation; that a seion of
the House of Hohenzollern would be
vouchsafed the monarchized terri-
tory and the degrading overlordship
of the Slav forever ended. For ob-
vious reasons, the censors of both
Austria and Prussia draw rigorous
pens over all comment or discussion
as to what was meant by this orphic
utterance of the Chancellor. Here
and there a semi-official voice was
reported, predicting the Kaiser's
purpose of contributing one of his
sons to fill the recreated throne.
This, in turn, was disturbed by the
echoes from Vienna, that the aged
Franz Josef claimed the pre-emi-
nence in disposing of the Polish ter-
ritory; that among the innumerable
archdukes of the House of Hapsburg,
the ideal king for the new Poland
could be found. None of these
adumbrations, however, made the
slightest suggestion that the re-
created Poland was to be the realm of
thieves truncated when Poland was
partitioned. The Kaiser was to re-
tain all that tract of country called
East Prussia, while Austria retained
Galicia and the restored Poland
would be the mere ghost of its origi-
nal dimensions.

WHO KNOWS WHERE
MARION LAYTON'S SON
IS NOW LOCATED?

Can any reader help J. M. Mc-
Clelland, a former Licking county
soldier of the civil war, locate the
sword he carried in the army over
20 years ago?

The sword was last heard of at
the home of Marion Layton. The
family is said to have all passed
away except one son who may be
teaching school in Tiffin or in Co-
shocton county.

During the civil war Mr. Mc-
Clelland raised a company of home
guards at Jacksonstown. In moving
to the west the sword was tempo-
rarily forgotten. Mr. Mc-
Clelland now lives at Jacksonstown, Kan-
sas. Information regarding the lo-
cation of Marion Layton's son or
Mr. McClelland's sword, if sent to
the Advocate, will be promptly for-
warded to this old veteran who has
a desire again to possess the weapon
he carried in defense of his country
over half a century ago.

Spirit of the Press

Business Is Business.

When it comes to borrowing
money, Paris has no compunctions
about negotiating with bankers bear-
ing German names and having con-
nections in Germany. Business is
business!—Pittsburgh Gazette-
Times.

His Field.

Mr. Ford may be a laughable fig-
ure as a pacifist, but as a financier
he has few superiors. A man whose
personal profits in his business are
more than \$34,000,000 in one year
has little to learn, even from Mr.
Rockefeller.—Rochester Democrat
and Chronicle.

Gun Toting.

Gun toting ought to be fought
like a pestilence. The person who
goes armed, unless the nature of his
calling demands the carrying of a
weapon, is an enemy of the public
security, a walking menace to the
peace of the community. With him
climaxed, the murder rate would
slump appreciably, and the sacred-
ness of human life might in consid-
erable measure be re-established.
The hand of the law can scarcely
fall too heavily on the craven who
goes armed. The police, the courts
and the public have their responsi-
bility in the matter of his suppres-
sion.—Cleveland Plain Dealer.

Taming Beavers.

The animals which we are trying
to reintroduce in this state under the
protection of the game and con-
servation laws show no shyness. They
are willing to come back if they have
an invitation. A typical story in
proof of this comes from Second
Lake, in the Fulton Chain. Some
of the beavers planted there appear
to be quite tame, even audacious.
At one place the same wardens have
been obliged to destroy beaver dams
to save farm land, and at Renfrew
it is even reported that farmers are
hanging lanterns in the trees to
keep the beavers from rebuilding
their dams.—Buffalo Express.

Worth Remembering.

School is starting up now all over
the country and the mobilization
of our national future is under way
with all its inspiring glory and irri-
tating details. For a compass to
steer by we wish to offer a sentence
from Henry C. Trumbull's book on
"Teaching and Teachers." It is this:
"Unless something has been learned,
nothing has been taught." With that
truth seen and held there will be a
lot more to be proud when com-
plimented exercises are going on
next June.—Collier's Weekly.

Pointed Paragraphs

We have a certain native shrewd-
ness about us, in spite of the way

25 Years Ago

(From Advocate, Sept. 29, 1891.)

Messrs. John Baird and John
Woolfson, two of Newark's most
enterprising young gentlemen, have
established a manufactory for the
manufacture of pop, ginger ale, and
all kinds of light drinks.

Messrs. William and Walter
Symons entertained yesterday at the
home of the former with an after-
noon tea. Misses Lillie Thomas and
Mary Cook presided over the en-
cote and coffee and Mrs. Dr. Cham-
bers assisted.

Miss Laura Kane left this morning
for an extended visit in Louisville,
Kentucky.

Cards have been issued announc-
ing the marriage of Edwin C. Wright
and Miss Fanny Rees, which is to

take place Thursday evening, Octo-
ber 8 at the residence of the bride's
parents.

Mrs. Charles Hempstead returned
to Coshocton this week, taking with
her her grandson, Master Willie
Woods, who is convalescing after a
severe illness.

15 YEARS AGO TODAY.

(From Advocate, Sept. 30, 1901.)
The first meeting of the Monday
Talks will be held at the country
home of Mrs. E. H. Everett on the
Horn's Hill road.

Mr. and Mrs. David G. Wyeth
entertained last evening in honor of
Mr. and Mrs. Hutchison of Kansas
City. Mrs. Hutchison was Miss
Wyeth, who with her husband, is
making a short visit to her old
home.

The twenty-third annual reunion
of the 76th Ohio regiment will be
held in Memorial hall next Wednes-
day.

Miss Edith Ickes, assistant post-
master, is on leave of absence, and
is in New York City where she has
entered the Savage School of Phys-
ical Culture for a full course.

MAN GETS TWO
AMBULANCE RIDES
IN ONE EVENING

A foreigner, employed as laborer
for the Baltimore and Ohio railroad
company, last night had the unusual
experience of twice riding in an am-
bulance to the Sanitarium within the
period of two hours. Bradley's am-
bulance was called to North Fifth
and Chestnut street, about 5:30
o'clock last evening.

A man was found lying in the
street with blood flowing from a
scalp wound on the back of his
head. Pedestrians said he fell,
striking his head on the concrete
walk. He was taken to the Sanita-
rium, where his wounds were dressed
and he was allowed to depart.

At 6:45 o'clock, Bradley's am-
bulance responded to another call, this
time at North Fourth and Charles
street. A man with his head band-
aged was found lying in the street
and when he was picked up, the
ambulance crew recognized him as
the man they moved from Fifth and
Chestnut street, a short time before.

The foreigner was returned to the
Sanitarium where he spent the night.
This morning he was discharged,
but could not talk enough English
to tell hospital attendants his name.

GOSSEY'S ASHES
STREWN ON LAKE;
REQUEST OBEYED

Coshocton, Sept. 30.—In accor-
dance with a provision in the will of
Charles F. Gossey, aged 48, his body
was taken to Cleveland last night,
where it was cremated. Saturday
morning a number of his friends
scattered the ashes over the waters
of Lake Erie. Charles Gossey was
president of the Pope-Gossey China
company of this city and one of the
most widely known pottery experts
in the United States. During the
year 1915 he was president of the
United States Pottery Association
and at his death Thursday was a
member of the board of control,
also vice president of the local
Chamber of Commerce. His death
was caused by uraemic poisoning.

Y. M. C. A. is After
200 New Members
In Short Canvas

The Y. M. C. A. membership com-
mittee composed of the following
boosters: K. I. Dickerson, chairman;
L. T. Rees, J. N. Pugh, C. H. Davis,
Max Norpell, C. L. Flory, H. J. Dic-
kerson, A. E. Willert, and S. E. Alban,
are promoting a strenuous campaign
for 200 new members. Two hundred
men and boys of the association have
received instructions for the past
ten days and many have already re-
ported members secured in advance.
The prospect looks good for a suc-
cessful campaign. The building is
a good condition and the employed
force has the work well organized
for the fall and winter work. A new
leaflet with the program of work
was placed in distribution today.
Provision is made for all classes of
men and boys. The gymnasium
classes begin Oct. 2, and the educa-
tional classes Oct. 16th. The educa-
tional classes include work in En-
glish for foreign born men. Mechan-
ical drawing, popular talks in sales-
manship and business efficiency. An
effort will be made to organize such
other classes as will be demanded by
the young men of the city. Chair-
man K. I. Dickerson reports that the
membership receipts for the month
of September have surpassed those
of any other month for at least five
years.

Katherine Richardson, Plaintiff,
vs.
John A. Richardson, Defendant.

The defendant, John A. Richardson,
whose place of residence is No. 835 Fresh
pond Road, Brooklyng, New York, will
take the plaintiff's case and her prop-
erty in the Common Pleas Court of
Licking County, Ohio, praying to be
divorced from said defendant on the
grounds of extreme cruelty, three years
gross neglect of duty, and three years
willful absence. Said petition will be for-
warded after six weeks from the 15th day
of September, 1911.

Did You Know.
That duramen means, in botany,
the inner and fully ripened wood of
exogenous trees? It is also known
as heart-wood. The division is often
very marked between the duramen
and the albumen, or sap-wood, the
duramen being more dense and com-
pact and its tubes thickened and
filled with the peculiar secretions
of the plant so that the juices no
longer flow freely through them. It
is also very frequently of a darker
color than the albumen; in ebony
it is black; and some other trees
are remarkable for the peculiar
color of their wood, which appears,
however, only in the duramen and
not in the albumen. As timber it
is much more valuable and durable
than the albumen; and the distinc-
tion is as well known to the carpen-
ter as to the botanist.

Wall Street.
 (ASSOCIATED PRESS TELEGRAM)
 New York, Sept. 30.—Concerted
 effects, evidently of professional ori-
 gin were made to depress prices
 soon after today's opening, leading
 industrials, coppers and rails ab-
 ruptly declining two to almost five
 points. Selling of United States
 steel and Republic and Crucible
 steels was especially extensive, to-
 gether with Union Pacific and Amer-
 ican Smelting. Recessions of 2 to 3
 points occurred in other prominent
 issues, with the first hours sales
 gain on the basis of 2 million
 shares for a full day. The market
 rallied later on a demand for coals,
 Norfolk and Western making a
 new high record. Lehigh Valley
 advanced to its best quotation in
 years and Illinois Central was ac-
 tive and strong. The closing was
 irregular. Bonds were firm.
 Irregular changes recorded at the
 outset of today's session suggested
 further profit-taking rather than the
 usual week and settlement of
 professional contracts. U. S. Steel
 and Union Pacific showed early
 losses of 1 to 2 points and in the
 case of the former this was soon ex-

REPORTED SALE OF BUILDING IS NOT CONFIRMED.

A report current this morning that
 out-of-town capitalists were negotiat-
 ing for the purchase of the Music
 Hall building in West Main street,
 for the purpose of arceding the room
 now occupied by the Hermann
 O'Shaughnessy cafe.

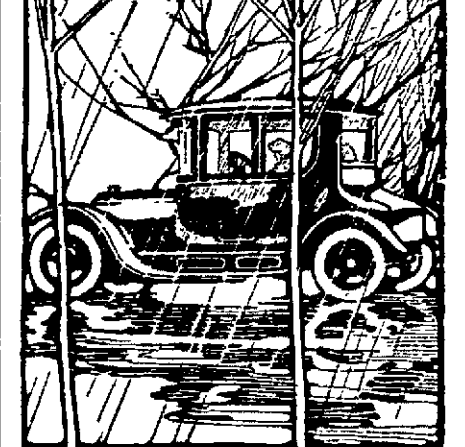

The plan of the arcade, according
 to the report, was to install several
 large store rooms and extend it
 through to the alley in the rear of
 the building.

Attorney Frank A. Bolton, when
 asked regarding the authenticity of
 the report, denied any knowledge of
 the transaction.

"I do not know anything about a
 deal being on for the purchase of
 the building," Attorney Bolton
 said.

Attorney Bolton has charge of the
 building which belongs to the Vadi-
 gan estate.

SPEAKER AND CHASE APPEAR TO BE WINNERS

CORB IS OUT-DISTANCED AND MCCARTHY IS FOUR POINTS BEHIND HAIL CHASE.

Max Carey of Pittsburgh and Cobb Will be Leading Base Stealers of Majors.

Chicago, Sept. 30.—It looks as though Hail Chase and Tris Speaker would carry off big league batting championships this year. With the season to end next week, Chase is four points ahead of his nearest competitor, now Lou McCarthy, of New York, in the National and Speaker is a good thirty points ahead of Cobb in the American.

Chase has been playing a great game for Cincinnati. Records printed here today, including the performance of last Wednesday, show he has total bases numbering 241, giving him place in the league second only to Wheat of Brooklyn, who is credited with 259. Chase has stolen twenty bases.

The National's base stealing honors seem destined again to go to Max Carey, Pittsburgh, who is leading with 58. Flack, Chicago, is ahead in sacrifice hits with 36; Williams, Chicago, in home runs with twelve; Burns, New York, in runs scored with 99, and Brooklyn in team hitting with 261.

Leading batters: Chase, Cincinnati .334; McCarthy, Brooklyn-New York .330; Wheat, Brooklyn .320; Daubert, Brooklyn .320; Hinchman, Pittsburgh .313; Horasby, St. Louis .309; Robertson, New York .303; Stock, Philadelphia .293; Long, St. Louis .292; Zimmerman, Chicago-New York .292.

Cobb will retain the American League base stealing championship even though he loses the batting title, for his record is now 65 thefts, far ahead of any body else's though way behind his 96 for the season of 1915. Eddie Collins has tied Weaver for the lead in sacrifice hits at 41; Jackson is ahead in total bases with 283; Pipp leads in home runs with eleven; Cobb in runs scored with 108, and Detroit in club batting with 261. Leading batters:

Speaker, Cleveland .392; Cobb, Detroit .362; Jackson, Chicago .340; Strunk, Philadelphia .315; E. Collins, Chicago .307; Gardner, Boston .306; Veach, Detroit .300; Felsch, Chicago .299; Sisler, St. Louis .297; Bauman, New York .296.

Beals Becker is in a fair way to win the American Association batting championship, being 17 points ahead of Clemens of St. Paul, his closest rival, with the season ending next Sunday. Averages including last Wednesday's games show also that he leads in home runs with 14; that Thorpe, Milwaukee, is ahead in stolen bases with 48; Bronkie, Indianapolis, leads in sacrifice hits with 43; Demmitt, Columbus in total bases with 265; Altizer, Minneapolis, in runs scored with 107, and Kansas City in team hitting with 270.

Leading batters: Becker, Kansas City .341; Clemens, St. Paul .324; Chappelle, Columbus .318; Deal, Kansas City .317; Hargrave, Kansas City .313; Lelievre, Kansas City .309; Beall, Milwaukee .307; Demmitt, Columbus .306; Kirke, Louisville .304; Altizer, Minneapolis .299.

MINOR GAMES TO OPEN OHIO SEASON FOR FOOTBALL MEN

Columbus, Sept. 30.—Only minor games were on Ohio's football schedule of today, the opening of the 1916 season. Most of the games were in the nature of practice contests, although it was believed possible that some surprises might result. Ohio State University was the only one of the larger schools of the state which did not have a game scheduled for today. Ohio games today were:

Otterbein at Denison.
Ohio State at Ohio Wesleyan.
Canton High at Mt. Union.
Kenyon at Wooster.
Hiram at Reserve.
Heidelberg at Oberlin.
Cincinnati at Wittenberg.
Baldwin-Wallace at Akron.
Ohio Northern at Miami.
Davis-Elkins at Marietta.

FROST BEAR STORY COMES FROM CAMP OF OTTERBEIN TEAM.

Westerville, Sept. 30.—With four regulars on the crippled list, Otterbein will meet Denison at Granville today. Coach Idding has had a hard time during the week to arrange his battered material so that it might make at least a good showing against Livingston's men.

Philadelphia, Sept. 30.—The University of Pennsylvania and West Virginia University football eleven met here for the first scheduled game of the season. The West Virginians came a veteran team and a hard game was expected by the Pennsylvanians.

PHILLIES WIN MORNING GAME FROM BROOKLYN

Ebbets Field, Sept. 30.—The Philadelphia captured the lead in the National league pennant race by defeating the Brooklyn 7 to 2. Manager Robinson sent his star pitcher Pfeffer to the mound to check the Philadelphia advance but he was hammered hard and consistently and his service failed to baffle the bats of the visitors.

Luderus helped himself to two 2-baggers and a home run. Brooklyn could do little with Rixey's delivery. The game was played in a wind swept field. Score:

BUCKEYE STAKE ONE OF SIX RACE AT GRAND CIRCUIT.

(ASSOCIATED PRESS TELEGRAM)
Columbus, Sept. 30.—The Buckeye stake will be one of six races selected from the Grand Circuit fall meeting programs of Thursday and Friday, which were not run because of rain, to be called today as a final card of the meeting. Horsemen predicted early this morning that the track would be in condition for heavy racing by 12 o'clock when the scoring for the first heat will begin, in order to finish the long card before dark. Trask, Donna Clay and Esplanza will clash for the last time this season on the local course in the Buckeye, against a field of speedy steppers.

Definite decision on what other five events would compose the selected program was in abeyance this morning, pending the decision of several owners as to whether they would send their horses in, depending upon the condition of the track. It had been definitely decided to call off the 2:05 and 2:07 pace and the 2:10 trotting event.

How It Happened.
Mrs. Flatteigh—John, the janitor discovered this morning why we had no heat last winter.
Mr. Flatteigh—Indeed?
Mrs. Flatteigh—Yes, he wanted to burn some papers this morning and discovered that there is no furnace in the building.—Puck.

HEAVY TRACK FOR LAST DAY OF THE FAIR

RAIN IN THIS MORNING THREATENED TO POSTPONE ALL EVENTS.

Automobiles Used on Track to Get It Into Condition For Program Which Started at 1:45.

A steady downpour of rain yesterday morning diminished the attendance at the Licking county fair and at 11 o'clock there was talk of calling off the races on account of the heavy condition of the track. Later the rain had ceased and the officials in charge of the races decided to see what could be done in the way of putting the track in condition. Scores of automobiles were impressed into service and were driven around the course and at 1:30 the track was in a fair condition. Before the races were called at 1:45 o'clock nearly 15,000 people had passed through the gates and although it was somewhat cool the racing program was very enjoyable.

The three postponed races of Thursday were given and two heats in the 2:16 pace scheduled for Friday, being called on account of darkness the purse being divided among the money winners according to the way they stood at the end of the second heat. After the finish of the first three races it was 3:50 and several horses came out upon the track and began scoring. The clerks in charge of the judge's stand did not have authority to take the entry money of the horsemen for the 2:16 pace and some delay was occasioned until the committee in charge of the races could be found when it was decided to give the additional race.

Had the weather been propitious there is no doubt but that one of the largest crowds in the history of the Licking county fair would have been present. One of the largest and best field of horses ever at the local track was present to furnish the races. The fair officials all worked hard to make the annual exhibition a success and they succeeded splendidly but the weather man was against them and as a consequence the attendance was thousands short of what it would have been had the weather been otherwise.

The Brownsville band furnished the music yesterday. There was twenty members, under the leadership of Prof. J. E. Mack and they furnished a delightful program of tuneful melodies between heats of the different races. The band is a splendid organization and a credit to the thriving village of Brownsville.

DENISON LOSES TWO GRID STARS BOTH TO RESERVE.

Granville, Sept. 30.—A bomb burst in Denison University athletic circles yesterday when it became known that Gordon ("Chubby") Lang has decided to leave Granville and enter Western Reserve University of Cleveland. He intends to take up the study of medicine, and decided that now was the time to start in with it. He entered Denison from Ashabula, where he was regarded as an excellent athlete. His career at Granville really brought him out, for he made the football and basketball teams in his sophomore year and would have made the track team but for parental objections.

This year saw him at his best, and he already was slated for the full-back position where he had been starring in practice. His departure will be greatly felt by all, as he was a hard and faithful worker and had a brilliant career before him. Sidney Collier, a member of last year's pitching staff on the baseball team, will leave with Lang. He will also be greatly missed as far as the diamond sport is concerned. Both are members of Phi Gamma Delta fraternity. Livinston has not announced the opening lineup for the game Saturday with Otterbein. It is then lang will play his last game for Denison at fallback.

NEWARK VS. ZANESVILLE.
The Fitzsimmons team will go to Zanesville Sunday at 11:05 a. m. where they will play the Zanesville team Sunday afternoon. This will probably be the last game the Capital City Champs will engage in this season.

FOOTBALL PRACTICE.
The Fitzsimmons football team will practice Sunday morning at Wehrle park. All players are requested to be out as a game is scheduled for the near future.

Martin and Rine Reunion.
The Martin and Rine reunion at Fallsburg was a great success. Although the guests were late in arriving, they all were there at noon. The program, which included addresses and music, was well rendered. W. J. Miles and B. G. Smythe were among those who spoke. These officers were elected: President, James Martin; secretary, Howard Rine; music committee, Tad Martin and E. E. Taylor; committee on arrangements, J. W. Martin.
W. C. T. U. Meeting.
The Evelyn Graham union will meet at the First Presbyterian church on Tuesday, Oct. 3 at 2:30 o'clock. All members of the union are urged to attend.
Joins Coburn Show.
Guy Risher, violinist, Pearl street, left this morning for Athens, O., where he will join the J. A. Coburn Minstrel shows. Mr. Risher was with the Coburn shows for two seasons and yesterday received an excellent offer to again join the troupe.
Predict Big Audience.
Manager George Fenberg of the Auditorium stated today that mail orders were coming in from all parts of Licking county for "Robin Hood," which will appear at the Auditorium next Thursday. He predicted a complete sell out for De Koven's delightful comic opera.
Fair Traffic Heavy.
Both the B. and O. and Pennsylvania railroad companies had a heavy passenger traffic out of this city today, due to Licking county fair visitors and concession people returning to their homes.
Lost \$480.
A farmer reported to the police last night that he had either lost his purse containing \$480, or it was stolen yesterday at the Licking County Fair. The man said the purse was in his hip pocket and he did not notice its loss until he pulled a handkerchief from the pocket.
Police Court.
Four men and one woman arrested yesterday on drunk charges were each fined \$5 and costs this morning by Mayor Bigbee.
O'Malley Lodged in Jail.
Charles O'Malley of Columbus, brought to Newark last evening by Chief of Police James Sheridan, was arraigned in police court this morning on a charge of stealing three women's coats from the W. H. Mazy dry goods store. O'Malley waived examination and was held to the grand jury in the sum of \$500.
Don't Burn Leaves.
Mayor Bigbee issued an order this morning that no leaves were to be burned on certain streets in the city, because of damage to the streets. Tenth street, North Sixth street, Hudson avenue and part of Buena Vista street are the streets where the burning of leaves, the Mayor says, will cause the tarvia or asphalt to be damaged.

Birth Announcement.
The stork made a call Friday and left a little son to brighten the home of Mr. and Mrs. W. G. Marsh, of 133 North Fourth street. Mrs. Marsh was formerly Miss Lucille Vail, daughter of Mr. and Mrs. Geo. C. Vail of North Fourth street.
Bone Broken by Fall.
While picking apples at her home in Pleasant Valley, Friday, Mrs. John Laird fell from a tree and broke a bone in her left elbow.
K. OF C. MINSTRELS TO BE GIVEN OCT. 26 AT AUDITORIUM.
The members of the Knights of Columbus are planning for a big minstrel show which will be given at the Auditorium theatre on October 26.
Rehearsals will be started tomorrow and the talent secured is of the best. Many local minstrel stars will be seen, and the show is being produced under the direction of the Clifford Show company of Columbus which sends a director to Newark.
Origin of the Grocer.
The modern grocery store is very well known. The origin of its name is not so well known. Several centuries ago arose in England and France a class of thrifty and foresighted tradesmen who went about buying up bargain lots of every conceivable kind of merchandise. Just as the modern American buys fire damaged goods and bankrupt stocks, The Frenchman bought "on gro" and the Englishman came to be called an "engrosser." He might handle hardware, thread, dried vegetables or anything else that could be obtained in large lots, and he began to call himself a "grocer" at a time when our sort of grocer was termed a "spicer." From that beginning comes the name grocer as we know it today.

Obituary
Mrs. Harry Rossin.
Mrs. A. J. Rossin of Thirteenth street received word today of the death of her daughter-in-law Mrs. Harry Rossin, who died at the home of her mother, Mrs. Jackson in Uniontown, Pa., of a complication of diseases.
Mrs. Rossin is well known in Newark having graduated from the Newark High school with the class of 1910, and has been located in Springfield as an Adventist minister. Surviving Mrs. Rossin are her husband, three small children, of Springfield and her mother, a sister and brother residing in Uniontown, Pa.
Mrs. Rossin accompanied by her daughter Mrs. Ben White of Coshocott will go to Uniontown to attend the funeral.
J. S. McLaughlin.
J. S. McLaughlin, aged 65 years, died at his home, 103 Valley street, this morning at 6:30 o'clock. He is survived by his wife, three daughters, Mrs. W. A. Ford, Mrs. A. C. Higginbotham and Mrs. W. H. Glaum, singer all of this city, three brothers, Charles and Benton McLaughlin of Utica, O., and William McLaughlin of St. Louisville, O., two sisters, Mrs. Barbara Iden of St. Louisville and Mrs. Elizabeth Jewell of this city and 11 grandchildren. The funeral will take place at 1:30 o'clock Monday afternoon from the Church of Christ and interment will be made in the Barnes cemetery.
Harry Board's Funeral.
The funeral services of Harry Board, lineman, who late Wednesday afternoon committed suicide at his home in Laven's Lane, were held this morning, Rev. D. A. Green officiating. Short services were held at the Board home at 9:30 o'clock and the body taken to Pataskala, where services were held from the Presbyterian church at 11:00 o'clock. Interment was made in Pataskala cemetery.
Card of Thanks.
We desire to extend our heartfelt thanks to the friends and neighbors for the kindness shown us during the sudden death of our dear husband and father, Thomas Irwin, also for the comforting words of the Rev. Stuckey, for the singing and beautiful floral offerings. Mrs. Irwin and Children. 9-30-1t*
OPENING OF RESTAURANT MONDAY EVE.
The Messrs. Charles and Edward Schaller, proprietors of The Old Homestead in West Main street, will open one of the finest restaurants in Central Ohio Monday evening, inaugurating the event with a table d'hote dinner, consisting of many delicacies, served in numerous courses. The dining hall, on the second floor of the Schaller block, will be opened at promptly 6 o'clock and a splendid orchestra will furnish music. There will also be a program of vocal selections.
The new restaurant is for ladies and gentlemen and will be in charge of Jos. Kuster, Jr., who for years has had the reputation of being one of the best caterers in the state. Mr. Kuster will make a specialty of catering to after dinner theatre parties and dances. At the same time he will maintain a high standard for his menu and will keep the dining room open from 9:30 a. m. until 12 o'clock at night. There will be music at the luncheon hour at noon and dinner hour in the evening. There will be an augmented orchestra for special occasions.
A specialty will also be made of noonday lunches which will be served from 11 to 2 o'clock p. m. The menu card consists of everything which can be purchased on the market to delight the heart of an epicurean. White waiters will look after the wants of the patrons. The room has been handsomely finished and the Messrs. Schaller and Kuster invite ladies and gentlemen to the opening, a moderate price only being charged for the table d'hote dinner.
SHORT CHANGE ARTISTS WORK SUCCESSFULLY DURING FAIR WEEK.
Short change artists reaped a harvest over the city during fair week, their victims being merchants and clerks. A stranger enters the store usually when the proprietor is out and buys a trifling purchase. He then tenders a large bill in payment. If change is made for \$20 the stranger will attempt to "flop" the victim out of ten dollars. If made for \$10 he will get five out of it and so on. One young lady clerk in a North Park Place store was a victim of the "flopsters" and lost \$5 in the operation. She refused to change a \$20 bill and he offered her \$10, which she changed. The stranger followed her back to the money drawer and remarked that she could have easily changed the \$20. After he left the store she figured out the change deal and knew then that she had lost \$5.
She went out to the fair Friday afternoon and searched the grounds in an effort to locate the man but without success.
KNIGHTS' TEMPLARS HAVE SPECIAL TRAIN FOR TIPPIN CONCLAVE.
Arrangements were completed this morning with the Baltimore & Ohio railroad company for running a special train from this city to Tiffin, to handle local Knights Templars to the Knight Templars State Conclave at Tiffin, October 11.
Between 50 and 60 Newark Knight Templars are expected to make the trip. The train will start from Zanesville, (the time not yet designated) and will stop here for the local delegation.

Why Elephants Fear Mice.
It seems almost incredible that so small and harmless an animal as a mouse is able to frighten an elephant almost out of his senses, yet one little mouse in the hay on which they are feeding will stampede an entire herd. In the elephants' native land there are little animals known as chacanas, which feed on a small sour berry of which elephants are very fond. They live in settlements, something after the manner of prairie dogs, under the berry bushes, and sometimes, when feeding, the elephants trample upon the little towns, and the chacanas in their fright frequently run up the tubes of the elephants' trunks. Their long, sharp claws catch in the flesh, and they cannot be ejected. The more violently the monster blows through its trunk the more firmly the hooked claws of the little animal become imbedded in the flesh, and inflammation and death are the result. In captivity, therefore, the elephants think they are in danger of the deadly chacanas when they see a mouse and show signs of great fear.
More Labor Than You Thought.
To write a single letter of the alphabet, it is roughly estimated, requires from 200,000 to 300,000 distinct processes, all of which are controlled and directed by the mind. To make the letter O, for instance, takes but a second, yet if all the mental processes involved had to be performed consciously years would be consumed in the performance. First, the making of the O is willed in the brain, setting in motion the activities of thousands of cells in the hearing areas, the seeing areas, the speech motor areas and the muscular motor areas. Hundreds of nerve threads connecting these cells with various cells and nerve threads in the brain are set to work to organize the movement, while other nerve centers attend to the business of furnishing the requisite amount of blood. As a result, the spinal centers are actuated, and finally the smaller nerves in the fingers direct the forming of the O.
Discovering a Star.
Long had he worshipped her at a distance, but his shyness prevented him from proposing.
Then one evening, for the sweet sake of charity, a theatrical performance took place in which the charmer was leading lady and more adorable than ever. Afterward the shy admirer drew near, his love made valiant by the sight of her beauty.
"You are the star of the evening," he said as they stood alone in a corner.
"You are the first to tell me so," said the damsel, with a happy blush.
"Then," he retorted promptly, "may I claim my reward as an astronomer?" The lady looked puzzled.
"What reward?" she asked.
"Why, the right to give my name to the star I have discovered," said the young man, speaking boldly at last.—Chicago News.
The King's Way.
It was characteristic of the late King Edward VII that he never showed too much or too little courtesy, but just enough to maintain his reputation of being the most gracious gentleman of Europe. Some years ago, according to the author of "The People's King," his majesty visited Aberdeen and knighted the lord provost. At the luncheon which followed the king sat next to Mrs. Lyon, the wife of the lord provost, and noticed on the table the card denoting her place.
"I must alter this," the king said, smiling on the lady.
With his pencil he effaced the word Mrs. and in its place substituted Lady and graciously handed the card to her newly made ladyship.
Family Harmony.
"I am very easy on my shoes," said the stout lady complacently. "Look at this pair. I've worn them three years, and they're still as good as new. I'm easy on clothes too. There's my tweed—just as fresh as the day I bought it, seven years ago. And hats, gloves, stockings—in fact, I'm easy on everything."
"Except father, eh?" said her daughter quietly, without looking up from her book.
That Settled It.
She—You remind me so much of my brother. He—Indeed! In what way? She—Well, Harry seems awfully fond of me, yet he never offers to kiss me.
After that it was quite unnecessary for her to ring in any of her relatives.—Pittsburgh Chronicle-Telegraph.
Early Astronomy.
Anaxagoras, a distinguished Athenian, in 525 B. C. taught that the sun was not a deity, but an incandescent fiery mass. He also suggested that the moon shone by reflected light and correctly explained solar and lunar eclipses.
Masked Balls.
Henry VIII. introduced the bal masque into England. As this form of amusement gradually spread the people began to hire balls and charge admission fees, and the routs of the court were initiated by the orgies of the mob.
Postal Savings Banks.
All the money the postal savings banks receive they immediately deposit in national reserve banks and so keep it in circulation instead of allowing it to remain hoarded and hidden.

A Card To The Public
This announcement I am now making I consider, absolutely, the most important I have ever made during my many years as a theatrical manager. By arrangements with Klaw & Erlanger, New York City, I have been able to arrange for an engagement in this city at
The Auditorium Theatre of "ROBIN HOOD"
Reginald DeKoven's masterpiece, and said to be the nation's funniest and most tuneful light opera. The engagement is for
ONE NIGHT ONLY, THURSDAY, OCT. 5TH.
In making this announcement to the people of Newark and vicinity, I most emphatically place myself on record about "Robin Hood" when I say that I know of my own personal knowledge that "Robin Hood" is the BIGGEST THEATRICAL PRODUCTION THAT HAS VISITED NEWARK IN SOME TIME and I am confident that it will please all.
This opera and company has broken all records for attendance wherever it has been given. If you wish to see it, make your reservations quickly; if you delay, you are apt to find that every seat has been sold.
You can rely on my word that "Robin Hood" is a good show and I am proud and happy to be able to offer it to my patrons.
GEORGE M. FENBERG,
Mgr. Auditorium Theatre.

Took Oil From Cannel Coal; Mr. Hull Describes Industry Which Thrived 60 Years Ago

"My statement relative to the early history of the manufacture of oil from cannel coal which appeared in the Newark Advocate a few days ago, was given to the reporter hurriedly and without opportunity to refresh my recollection relative to these operations in which I possibly took the leading part, now more than sixty years ago," said Mr. Eli Hull this morning. "Since the publication of that statement, I have received so many inquiries relative thereto, not only from people locally but from a distance as well, I have decided to make as complete a statement as I can of those early operations; I do this thinking as I do that the work we began so many years ago will again be revived in the not far distant future."

"In the fall of 1854 I was engaged in teaching a country school in this county and one day I read an article in a Boston paper upon the subject of manufacturing oil and other products from Scotch Bog-head coal. From this article I

The gasoline sends millions of automobiles, speeding at terrific rate, naphtha and paraffine are now highly valuable. In 1855 the partnership was reorganized and a man by the name of Nelson Kenyon was taken into the firm and it then became known as the firm of Holmes, Hull & Kenyon. We increased our works on the canal feeder until we were able to manufacture about two barrels (80 gallons) per day of the illuminating oil. We were finally able to make sales of the lubricating oil at exceedingly low price and were also able to make sales of a few dozens of paraffine candles and in general we felt we were doing a pretty fair business. Then others started in the business, among the larger of which was The Great Western Oil company, with a refinery in Newark located on almost the identical spot now occupied by the B. & O. passenger depot and with their crude oil works at Flint Ridge nine miles from Newark. In the meantime Holmes, Hull & Kenyon discovered deposits in cannel coal in the Walhonding canal in Coshocton county and in 1857 erected crude oil works on lands obtained in that locality and increased the capacity to 1000 gallons of crude oil per day.

ELI HULL

gathered the information that a man by the name of DeWener was at that time importing coal from Scotland and making oil from it. I became greatly interested and also convinced that the cannel coal found in Hopewell township of this county, through the information given in this article was practically the same as the coal imported from Scotland.

"I owned an hundred acre farm, a part of which was underlaid with a four foot vein of this cannel coal which perhaps accounts for the deep interest taken in the subject by me. I at once procured a small sample of this coal and sent it to Mr. DeWener of Boston asking his opinion of the coal and in a short time I received from him a favorable report thereon. From this little beginning sprang the important business in manufacturing coal oil in Newark from the cannel coal of Ohio.

"Joseph E. Holmes and myself organized a partnership and erected a small work on the canal feeder a few yards south of where the city prison now stands. It required about twenty four hours to manufacture one barrel of oil. Our process was slow but we demonstrated the superiority of our coal over that of Scotland and that untold wealth lay in this Licking county material. "In distilling the oil from cannel coal we obtained all the different products that are obtained today from the petroleum oil taken from the earth through the process of oil drilling, viz. naphtha, gasoline, illuminating oil, lubricating oil, paraffine and asphaltum. Of these various products that derived their only one of value to us, the only one from which we secured an income was the illuminating oil; the others were cast into the waste as of no value and worthless. The illuminating product we sold at one dollar per gallon.

"Although we produced a naphtha and lubricating oil superior in quality to that in use at that time we were unable for more than two years to convince the engineer or induce him to use our lubricating oil upon the machinery then in use. He informed us that lard oil or sperm oil only, could be used to move machinery. Now coal oil moves the machinery of the world.

"We shipped the crude oil to Newark where it was refined. During the same year of 1857 Kittridge & Adams of Boston, Calvin Dickey from Pennsylvania and Captain J. C. Lundberg, a native, all having heard of the operations of Holmes, Hull & Kenyon in Ohio, also erected large crude oil works on the lands controlled by Holmes & Co., and likewise shipped their products to Newark where it was refined. I mention these several parties that you may see the rapid growth of this oil producing business. We believe we were engaged in a great, honorable and profitable business. It was no kidding enterprise. It ran, brought forth and developed the astounding business of petroleum oil and which business in turn has made the wealthiest men in the world today.

"Our enterprise progressed without discouragement until in the summer of 1858, when one bright day, we heard it rumored that oil had been discovered in the earth at Oil Creek, Pa., that by simply drilling a hole in the ground immense quantities of oil in the crude state were being obtained. At that time it was called American oil, by some British oil, and by others St. Jacob's oil and was used to cure most all diseases and especially all forms of rheumatism.

"Shortly after hearing of the discovery of petroleum oil at Oil Creek, Pa. I was selected by the various oil companies in Newark to go to Oil Creek, investigate the situation and report back to the companies my findings. Accordingly I went, arriving at Oil Creek one beautiful morning in October 1858 about ten o'clock and saw what I shall never forget. From a small hole in the earth (and if I be not mistaken drilled by what was called the Corn-Planter Oil company) I saw pouring forth a black stream of oil, which I was informed was producing 3000 barrels of petroleum in 24 hours. The company had only a few hours before my arrival struck the oil and had not yet the well under control, which was ejecting from the great bowels of the earth a stream of black oil and casting it a hundred feet in the air as it appeared to us. As I stood and gazed at the scene I caught myself saying: we are gone I am ready to report. I arrived home next day, met the companies, made my report, which was very short and said: Holmes, Hull & Kenyon at once realized that the Great Good Master could make oil for less than one dollar per gallon and in the short period of sixty days our business had gone up a tree where the woodbine twined. How rapidly it grew, how quickly its fires went out.

"I have always been proud of my connection with the early development of the manufacture of oil and the other products from cannel coal. It was an interesting business and I am strongly of the opinion that in the near future the manufacture from cannel coal of naphtha, gasoline, illuminating and lubricating oil with all the other by-products will again become a valuable

and profitable business. A sudden rise, a sudden fall but a business that has only been sleeping and will again in the not distant future wake-up."

Granville

(Special to The Advocate)

Granville, Sept. 30.—Speaking of telephones, a glance at the new Granville list reveals the fact that Denison University has installed a P. A. X. Private Automatic Exchange of its own, which is a fifty capacity board, and a complete plant in itself. Sufficient lines between Granville and Newark have been provided to take care of all traffic and the lines between the two points are carried in lead covered cables. Communications between the two places in consequence, will be no longer at the mercy of the elements. Subscribers at Granville profess great satisfaction with the promise of the first class service which has been made by the company.

In the Presbyterian church tomorrow at 10 a. m. the sacrament of the Lord's Supper will be administered by the pastor, Rev. B. D. Barnes, who will preach in the evening also on the parable of "The Last Prisoner."

Rev. S. W. Hamblen will occupy the pulpit in the Methodist church for the morning service, taking for his theme, "Exalting Christ." There will be no evening service in this house, owing to the pastor's attendance at the Zanesville Conference. All Sunday school workers are urged to attend the afternoon convention in the Presbyterian church at 2:30.

Rev. Millard Brelsford will preach both morning and evening in the Baptist church. In this church the service of worship begins promptly at 10 a. m. the organ voluntary having been concluded at the last tap of the bell.

The Granville Township Sunday School Association will hold a convention in the Presbyterian church, Sunday, October 1st, at 2:30 p. m. The county secretary, Miss Nellie J. Wygant and other good speakers will be present and address the convention. All are cordially invited.

Mrs. Charles Thornton of Alexandria, formerly of Granville, was called to Chicago last week by the death of her little fourteen months' old grandson, the only child of Mr. and Mrs. Tracey Patrick. Readers of the Advocate will remember Mrs. Patrick as Miss Dee Thornton, both she and Mr. Patrick having graduated from Denison only a few years ago.

Rev. Parson Linnell, son of Mr. and Mrs. Albert Linnell of the Lancaster road, whose marriage to Miss Pearl Huston was solemnized on Sept. 27 in Salida, Colorado, arrived with his bride at the home of his parents today. The newly wedded couple will be at home after October 18, at Felt, Idaho.

Miss Elizabeth Morris is again at her home in West Broadway, after a visit with friends in Columbus and Circleville.

Mr. and Mrs. A. C. Fauley, who have spent the summer in Granville and have rented a house in North Prospect street, expect to spend the coming week in Columbus, packing their furniture for removal to the new home in Granville.

Denison opens her football season with a game against Otterbein played on the home field, this afternoon. The weather seems made to order, cool but bright, and a good crowd is cheering the boys to victory.

Beta Theta Pi will be hosts at a social stunt this evening.

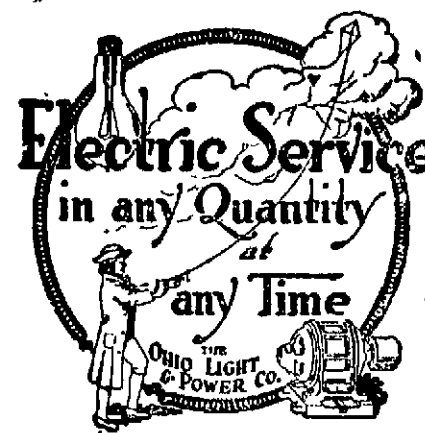

The general reception of Denison University faculty and students, held Friday evening in Doane Gymnasium, was one of the most enjoyable affairs of the kind ever held here. The gymnasium was gay with decorations, and with the beautiful costumes of the ladies. An orchestra was in attendance and "all went merrily as a marriage bell." In the receiving line were: President and Mrs. C. W. Chamberlain; Dean and Mrs. R. S. Colwell, Miss Wickenden, head of student government, Miss Taylor, president Y. W. C. A. and the new faculty members with their wives.

Mrs. W. P. Ullman and her niece, Miss Margaret Seasholes of Shepherds college, went to Columbus this morning and will return tonight.

DRINK DARK COFFEE WHEN THIEF TAKES MORNING'S MILK.

The recent boost in milk prices in Newark has developed a "Milk Thief," who for the past week has been stealing bottles of milk from porches of Hudson avenue residents. The milk "Raffish" goes to work a few minutes after the early morning delivery and has caused many cups of "dark" coffee to be drank.

CHRISTIAN ENDEAVOR RALLY.
A county rally of C. E. societies

will be held Sunday afternoon, October 8th in the First Presbyterian church in Newark at 4 o'clock. The object of this rally is to start the campaign for the State Endeavor convention in Newark in 1918.

Every society in the city and county is expected to be represented. This rally will show the county officers whether the state convention is wanted.
